

2025 PROVISIONAL COURSE RATING SCHEDULE

Listed below is the provisional schedule for re-rating current BB&O affiliated clubs. Normal rotation is 10yrs, but new courses will be revisited after 5yrs, thereafter every 10yrs.

The Lead Rater will contact each club well in advance requesting details of the course including a current measurement certificate, a scorecard showing each set of tees to be rated and a course planner if available. It will be necessary to close the course for up to 1.5hrs to allow the course rating team safe access. A convenient date & time (Mon-Fri) will be agreed between the Club and Lead Rater.
